Driver Beats Train To Elude Police; Caught As Car Spins

A motorist who eluded one police car by averting around a lowered railroad crossing gate, zipping in front of an oncoming freight train, and crashing through the second gate on West Pontoon road was captured by other officers when his auto spun-out of control at Nameoki road and Madison avenue about 1:30 a.m. Saturday.

The driver, Charles H. Hartline, 30, of 925 Lee avenue, Madison, abandoned his car and ran, only to be arrested a short distance away.

He pleaded guilty to six counts of charges during a hearing last Saturday morning before Police Magistrate Gasparovic, who assessed fines totaling \$220, plus court costs. The indictment was returned to charges of driving while under the influence of liquor and malicious destruction of property — the railroad gates.

Hartline told officers he was being chased by three men in another car. However, the police found no evidence of such a chase.

He fled north on Missouri street and then turned west on 20th street and Missouri avenue, and proceeded north on Missouri street and then turned west on 20th street and Missouri avenue, and proceeded north on Missouri street and then turned west on 20th street and Missouri avenue.

He was arrested at the intersection of 20th street and Missouri avenue, where Hartline turned right and sped east back into the city.

At the railroad crossing, he evaded around one lowered railroad gate, narrowly escaped being struck by a fast north-bound freight that blocked the pursuing police car. The officers said the train "missed him by a whisker," and if he had been hit, "the car would have been drug to Mitchell."

In beating the train, he crashed through the crossing gate on the east side of the crossing and turned right to head south on Nameoki road, his car spun out of control.

He abandoned it there near a traffic island and was on foot when the train hit it, blowing it into the air. The wreckage of the 1957 auto was broken in the crash with the railroad gates.

Hartline pleaded guilty to charges of running a stop sign at West 22nd street and Nameoki road, and driving while under the influence of liquor and malicious destruction of property — the railroad gates.

A Granite City man, Joseph Samuel Bulla, 43, missing since last Monday evening, was found dead of exposure in a corn field less than a mile from a busy transcontinental highway about 4:30 p.m. Friday during an air search.

Safecrackers Work Hours At Church; Loot—30 Cents

Safecrackers spent at least several hours early today peeling the outer door and forcing the inner door on a large safe at Calvary Baptist Church and netted 30 cents for their trouble. They obtained a larger amount—\$4—by merely opening a drawer in the desk of the pastor, Rev. Wilbert Snider.

The break-in and safecracking were discovered at the church, 50th street and Washington avenue, about 8:45 a.m. today by a deacon, Clarence Vance. Entrance was taken by forcing a rear window.

Inside the church, the thieves made use of a torch and two generators, about 8:45 a.m. today by a deacon, Clarence Vance. Entrance was taken by forcing a rear window.

Officials of the church told police the safe was used merely to store records and money is never stored in it.

Burglary At Metal Firm

An acetylene torch set, consisting of a torch and two generators, was taken along with \$10 to \$12 in cash and checks worth \$63 and \$38 in a weekend burglary at the Madison Iron and Metal Co., 1408 Sixth street.

The intruder apparently jumped a fence between 3:30 p.m. Saturday and 7:30 a.m. today, and forced entrance to the building by forcing open a door on the west side. The cash and two checks were taken from a desk drawer in the office, and the exit was made through the same door.

The payroll checks had been endorsed by employees and cashed by the firm. The break-in (Continued on Page 9, Col. 2)

2 Pedestrians Struck By Hit-Run Motorists

An unusual occurrence here — a pedestrian struck by a hit-and-run car — has taken place twice in three days, one of the victims being a 75-year-old man hospitalized last night.

Four other persons besides the two struck by autos were hurt during the weekend on snow and ice still lingering on Quad-City streets continued to cause an above average number of traffic accidents.

The collision toll by noon today had reached 33 for the week-end and 153 for the month.

Two of the victims were yesterday evening was 73-year-old Daniel Serlich, 2978 Madison street, who was admitted to St. Elizabeth Hospital about 6:30 after being knocked down by an auto at 26th street and Washington avenue.

Serlich, who suffered contusions and abrasions to the face and bruises to both knees and thighs, was able to walk home and was taken to the hospital by his daughter. He was unable to give police a description of the auto.

It had crossed 26th street and was about to step up to the curb when the auto made a right turn off Washington avenue, it was learned. Serlich retired and formerly worked at Granite City Steel Co.

Boy Hurt By Hit-Run Car

Police are searching for a light blue, 1955 sedan that knocked down a 12-year-old boy at 22nd street and Cleveland blvd. about 12:40 p.m. Thursday.

The motorist drove off without stopping, leaving the boy lying on the unmarked street.

The boy, Richard Tankley, 12, son of Mrs. Roy Benner, 2285 Lee avenue, suffered bruises to his left leg. His mother said he required medical attention and went to school Friday. He is a sixth grader at McKinley school.

Witnesses said the boy said the hit-run car was being driven by a man who was traveling west on 22nd street. They said he stopped for the boulevard sign at Cleveland blvd. and the boy, who was in the street, was struck and knocked down by the left end of the car's bumper.

Car Overturns in a Hurt

Three persons were injured about 4 a.m. Sunday when the auto in which they were riding overturned on "Burton's curve" on the Old Alton road north of Mitchell. The injured were taken by ambulance to St. Elizabeth Hospital for emergency treatment and transferred to an Alton hospital.

County authorities said the auto was being driven by John W. Koser, who had a minor injury, and the injured passengers were Grace E. Koser, 40, of Alton, who sustained head injuries, and Wilbur Stevens, also of Alton. The car was traveling south (Continued on Page 9, Col. 3)

School Traffic Safety Analysis To Be Given

An analysis of school traffic problems in Granite City will be presented to PTA representatives during a meeting called for 8 o'clock this evening at Niedringhaus grade school, 29th and State streets.

The presentation will be made by M. Koser, traffic safety supervisor for the American Automobile Association, St. Louis office, who has been in the past several months studying surveys made locally by volunteer PTA members and Granite City police.

Lt. Paul Moore of the police department's traffic section has sent invitations to PTAs and the parents' organizations of parochial schools, inviting them to attend tonight's meeting. "Anyone else interested in school traffic safety also is invited," Lt. Moore said.

The initial meeting is the second in a series of meetings since December 1959, called by Mayor Davis. The surveys were conducted last year in the city of each school by volunteer PTAs members, who were supplied with necessary field sheets, and forms by Kessler.

In addition to outlining school traffic problems, Kessler expects to present recommendations for study by the citizen group prior to presentation to the city council, Lt. Moore explained.

Widow of Louis Buenger Becomes Manager of Firm

Mrs. Dorothy Buenger, widow of the late Louis Buenger, has assumed active management of the Granite City Supply Corp., one of the oldest building material firms in the Quad-Cities. It was announced today following the annual corporation meeting.

No stranger to the business world, Mrs. Buenger had been treasurer of the company and for years was private secretary to the late G. Hayward Niedringhaus, president of Granite City Steel Co. Nearly two years ago, with her family grown, she re-entered the business field and assisted her husband in the operation of the building materials firm prior to his death in 1950.

"This community has tremendous potential," she said today, and the future prospects are very exciting.

Founded in 1921 by her husband and his brother, William Buenger, the Granite City Supply Corp. has been under their continuous management for 39 years. With Mrs. Buenger taking over as general manager, William Buenger, who had been acting in that capacity, will devote more time to his farming interest but will retain the title of president.

In addition to Mrs. Buenger and William Buenger, the corporate officers include Miss Julia A. Hoebeke, secretary, Vasil Gravelle is sales manager of the firm.

General Steel Sales Show Increase During 1960

Consolidated net sales of General Steel Castings Corp. during 1960 rose 24% to \$48,884,347, from \$39,432,527 in 1959, Charles P. Whitehead, president, announced today.

After provision for taxes, consolidated net income totaled \$1,522,720, equal to \$2.10 per common share, compared with \$2,018,495, or \$2.48 per common share in the year ended Dec. 31, 1959. The 1960 per share earnings were based on 916,570 outstanding common shares, or 103,225 shares more than the \$15,345 on which the 1959 per share figure was based.

Whitehead attributed the sharp improvement in sales volume largely to the acquisition in June of the St. Louis Car Co. The company's total backlog of orders at the year end amounted to \$74,700,000, as compared with \$21,500,000 a year earlier.

On the outlook for current year, Whitehead said the expectancy of improvement in the economy within the next several months should create additional demand for General Steel's railroad specialty products, industrial castings and iron and steel rolls. "If this develops, and with the St. Louis Car Co. contributing

'Gus' Hoelscher To Resign After 25 Years As President of YMCA Board of Directors

(Continued from Page 1)

G. W. "Gus" Hoelscher will step down as president, and local YMCA board of directors next month after 25 years in that position.

But in fashion which has come to be associated with all his business and civic undertakings, he plans to remain an active and interested member of the board.

His ties with the YMCA, and a good many other Granite City groups with fraternal service or community betterment as their aims, go deep. "Gus" has been a Granite Cityan since shortly after the turn of the century, and always an active and enthusiastic supporter of this community.

But he well remembers the difficult days of the mid-30s when the YMCA, resigned to be given up in February first became his.

Those were the depression years, if you'll remember, and money was hard to come by.

He said, "Every business and service organization, the YMCA suffered during this period. Hoelscher was a Y, a board member for several years prior to his election as president. He was elected on the reputation of being a promoter and organizer."

Single With Deficit
"After I became president we struggled for quite a few years just to make ends meet, since it was a loss process and had been deficit spending in earlier times."

"The Y" simply hadn't been operating within its budget. We managed to pay off the debt, but it was a loss process and the appearance of the place suffered because we couldn't raise enough money to keep it afloat."

The building Hoelscher was referring to was opened to the public for the first time in January 1926. Lack of funds for anything other than the most necessary operating expenses during the depression had limited improvement to the building appearance.

By the time initial plans for renovation were in the incubator, the building was in a state of deterioration which increased during the war years.

Local PTA's Cited For Savings Stamp Sales
Special awards were presented to the PTA's of the local schools and PTAs who participated in the sale of U. S. Savings Stamps at a recognition luncheon Thursday at the YMCA.

A birthday cake, commemorating the 20th anniversary of the PTA's Savings Bonds sale, was presented to Henry D. Karandeff, area chairman for the Illinois Savings Bonds sale, by Edwin Selbold on behalf of Mrs. Selbold's Bake Shop.

Receiving citations for the 1959-60 school year were Granite City senior high school and the PTA's of Emerson, Troland, Marshall, McKinley, Nameok, Niedringhaus, Stallings, Washington, Webster, Mitchell and Wilson schools. A citation for Liberty school, closed last June, was presented to Dr. Harold M. Kaiser, Supt. of Schools.

Dr. Kaiser also received a personal award for his interest and cooperation with the Stamp Day Plan in schools of Community Unit School District No. 9.

Granite City Postmaster Theodore Overbeck cited the growth of savings stamp sales in the past three years, stating that during that period sales have grown from about \$500 per year to the 1959-60 figure of \$29,529.

U. S. Treasury official Harry C. Wood announced a new plan for obtaining the savings stamps, stating that PTA stamp chairmen in the future will be able to obtain stamps on a commission basis from the post office instead of paying for them in advance.

At the recognition luncheon, which was sponsored by the Granite City Trust & Savings Bank, Karandeff said that Illinois residents accounted for eight percent of the total national sales of savings bonds and stamps, or purchases totaling \$38,825,245 in Madison county.

1959 savings bond sales quota is \$4,872,400. Sales in 1960 were \$4,605,366, he said.

immediately noticeable was in the YMCA basement facilities, and the separation of the departments.

The swimming pool had been reconstructed, and new showers and locker rooms had been installed. The swimming pool was provided with an office, closets and corridors were completely refinished and well-lighted, and modern plumbing was installed.

Basement facilities new to the Y included a sun room, women's lounge, "hot" room, massage room, three exercise rooms and an equipment room. Immediately, a 12-hour schedule, offering programs for men, women, boys and girls, was put into operation.

Other Highlights
Hoelscher calls renovation of the YMCA building the highlight of his 25-year association with the local organization as president. There were others.

The Y provided United Service Organization facilities for servicemen during both world wars. The Korean conflict and the board took over operation of Teen Town program in 1945 after it had been begun two years earlier by members of the Rotary Arm.

Today, the program for teenagers is one of the largest operated by the YMCA. Regardless of age, sex or physical capabilities, individuals can find one or more programs at 301 Edison avenue which suit their needs.

A goodly number of people in the Granite City area have served on the YMCA board of directors in the past 25 years, and to each of them belongs a share of the credit for making the Y what it is today, he points out.

Testimonial Planned
But in recognition of his 25 years of service as board president, current directors are planned to honor Hoelscher this evening with dinner.

They figure it this way. He has invested much of time and effort in working for more wholesome and attractive conditions and facilities for the Young Men's Christian Association, which directs most of its activities toward youngsters.

And as a YMCA motto says, "An investment in youth pays dividends forever." G. W. Hoelscher will receive one of those dividends next Monday.

Later that month, an open house was held, and the public got its first look at the improved facilities. The biggest change in-

Filing To Begin In Venice Park District Saturday

(Continued from Page 1)

Candidates may begin filing at 9 a.m. Saturday for commissioner posts on the Venice park board, according to Leroy Kutz, secretary of the board.

Written tests are available at Kutz's home, 1234 Robin street, and will be accepted there. The filing period is for 30 days.

Nominees will run in the April election.

Posts to be filled include a six-year term now held by Mrs. Hilda Daubert, vice-president, and an unexpired two-year term for the position in which Thomas Bruder is serving by appointment.

Holdover commissioners are John Mitchell, whose term expires in 1963, and Wilbur Omlund, Jr., president, and Clifford Canner, whose terms run until 1965.

Autos Collide
Involved in an accident Friday afternoon at West 26th street and Ohio avenue were autos driven by Rolfe Modulin, 62, of 2506 West 26th street, who was driving west on West 23rd street, and Mamie Allen, 27, of 2424 Ohio avenue, who was traveling south on Ohio avenue and making a left turn. Police said no one was hurt.

HAZARDOUS CONDITIONS
Building inspection revealed that in one basement shower room, a 600-volt telephone switchboard mounted on the opposite wall was so badly corroded that there was danger of a wet floor in the shower room serving as a ground for the electric current.

Then, a boy had an arm broken when a granite slab came loose from the wall and fell. That started some pretty serious thinking about repairs," Hoelscher said.

The board of directors decided on a capital funds drive. "With John N. Marshall (late president of the board chairman of Granite City Steel Co.) spearheading it, we raised something like \$110,000 to repair the building," Hoelscher recalled.

"As with most building projects, that amount was overpriced, but we're having no trouble in paying off the debt."

The greater portion of the funds for remodeling came from 35 industries and businesses in the area, and a long-time dream was realized on April 24, 1957, when dedication ceremonies, complete with ribbon cutting, took place at the revamped YMCA building.

No Changes In Salaries of Mayor, Clerk, Treasurer

Salaries for three city offices to be filled in the April 4 election will remain the same, the Granite City council members have decided.

Arthur Wieser, member of the council's finance committee, said other recommendations will be made at the Feb. 6 meeting. He said a salary for the office of police magistrate and possibly a revision of the \$6000 present salary of the township tax assessor office.

He said the committee decided the mayor salary should remain at \$9000, and the \$8800 combined city-township salary of the city treasurer-tax collector also should stand. Information compiled by City Clerk A. L. Stevens showed his annual city salary of \$4200 was increased to about \$5500 with fees collected for marriage licenses, hunting certificates, hunting and fishing licenses, etc., handled through the office. The annual fee income was set at \$4334, based on an average over three years.

To Meet With Magistrate A salary for the police magistrate is to be a new item, since the city officer now receives his income from office fees—court and bond costs. Wieser said the committee will meet in the future with Magistrate Gasparovic to study income figures and set a salary.

He pointed out that a study is to be made of the tax assessor's salary prior to his recommendation. Wieser said he has heard an average salary in the county is about \$7000. The council will set the pay for the township office in its capacity as the town board of directors.

Several weeks ago a request was made for all elected officials' salaries to be frozen until the close of the filing period on Feb. 13.

Decide Next Month On County 150th Year Fete

A decision on whether to plan a large Madison county centennial celebration Sept. 14, 1962, is to be made during a meeting of Chamber of Commerce and Historical Society representatives at 7:30 p. m. Thursday, Feb. 23, at the Edwardsville library.

A final answer by that date was requested by Jack Looker, agent of the John B. Rogers productions firm of Fortoria, O., after conferring with the group at its first county-wide meeting Thursday night in Edwardsville. Mayor William Straube presided.

In the meantime, Looker will conduct a preliminary survey without charge and submit a detailed program proposal and tentative budget that night.

No funds but a formal endorsement will be sought Feb. 23 from the Madison county Board of Supervisors. The Rogers firm, which has a long experience in planning community anniversary observances, has suggested 25 to 30 miles of scenic drives throughout the county, with the

largest an outdoor pageant in which possibly 500 costumed actors and singers would participate.

Most of the receipts would come from admission charges at the pageant and the goal would be to offset necessary costs. The Rogers company has been retained to assist in an East St. Louis centennial festival this year.

Recommend Approval
The gathering Thursday concluded that the county should commemorate the 150th anniversary of its founding, and a favorable recommendation will be submitted to the county board. An independent non-profit committee separate from the county board and C. of C. groups would coordinate the preparations.

Advantages cited were national publicity for the county and its cities; stimulation of patriotism and the county's economy; more widespread knowledge of events in this area's history; acceleration of civic pride through active participation by a large group of both young and old. Harlan Dobry, Tri-Cities chapter of the Kiwanis Club, was among the 32 attending.

Youth Captured After Chase Pleads Innocent

Pleadings of innocent were entered Friday by 19-year-old Henry C. Sanders, of Moberly, Ill., a former Granite Cityan, who was arrested early last Thursday morning following a chase in which two police bullets struck his auto.

He was charged with burglary and petty larceny by the officers who started the chase about 3:30 a. m. after seeing two young men run out of the Helms-Selfe laundromat, West 22nd street and Illinois avenue, and flee in an automobile.

The auto spun on a snow-packed street, and one youth jumped out and ran, only to be captured. The other remained in the car and began racing the engine as a police officer approached from the rear.

Fearing he would be run down, the officer fired a shot into the engine of the car, stopping the engine, and when the driver ducked out of sight, the policeman fired another shot through the windshield. The officer said he thought the driver might have been reaching for a weapon.

After the second shot, the driver, identified as Sanders, was taken into custody. Police said they returned to the laundromat and found that attempts had been made to pry open a soda machine and money boxes on two washers.

The other youth, 16-year-old Danny Farley, 16, of 2208 Nevada avenue, also was charged with burglary and petty larceny and turned over to an officer of the Illinois Youth Commission.

Sanders bond was set at \$2000 for a hearing Feb. 10.

Braves Chalk Up 5th Straight Win Against Cahokia

Coolidge junior high school's improving ninth grade basketball squad rolled to its fifth straight victory Thursday night, defeating visiting Cahokia 48-35. The Braves are now 9-4 on the season.

Led in the scoring department by Bob Randeloff and Jim Profit, each of who tallied 11 points, the Braves opened up a 26-18 halftime advantage and never had the lead seriously threatened in the last half.

The winners led by only one point at the end of the first quarter, 9-8. Darrell Schumake topped all Cahokia scorers with 11 points. The Braves will face a six-point deficit when they play Madison's freshmen team at Madison Thursday evening.

Warriors Upset Belleville, Are Capsized By Alton

Subs Shine In 48-65 Decision Over Maroons; Redbirds In 87-65 Romp

League standings sometimes have little effect on the outcome of games in the Southwest basketball conference. Action involving Andy Sullivan's Granite City Warriors this past weekend was a good example.

Granite City pulled an upset of sorts Friday night for the home folks, staving off Belleville 48-45 with a fine display of bench strength. The Maroons still in second place in the SWC, suffered only their second loss in eight league games.

Warriors Appear Tired

On Saturday night, Alton's Redbirds found the hedonism upon pickings, however, rolling to an 87-65 victory over Granite City, which again was the Warriors' hours after they donnybroke with the Maroons.

Alton had been in fifth place in the SWC before weekend action was completed, but Mel Sheets' boys defeated Edwardsville 87-65, and the Warriors, who had been in second place, moved past the Warriors to fourth place.

Sam Simpson poured in 29 points in the West Junior League school gym in Alton Saturday, to pace a Redbird attack which was as balanced it was prolific.

1st Quarter Tie

Granite City stayed with the hosts for one quarter, which ended in a 17-17 tie, but Alton ripped the nets with 26 points in the second period to open up a 44-17 halftime lead. The Warriors didn't let up in the second half as they pulled steadily away.

Frank Knight and Jim Simpson, leading Granite City scorers who had watched nearly the entire game from the bench after fouling out, paced the Warriors' attack. Knight scored 19 and Simpson 14, respectively.

Two other GCHS regulars also got into the action, but could not match the Redbirds' concentrated attack. Alton's point total was highest in 17 games this season, of which the Birds have won 11.

Now No. 16 Overall

After a disappointing mid-season slump, Sheets' squad has come back to win four of its last five outings. The weekend upset left Granite City with a 3-8 midwestern conference mark and a 10-8 overall record.

East St. Louis poses the next conference challenge for the Warriors. The Flyers will be in eight SWC tries this winter; will call here Friday night in the first of four games.

The Warrior-Redbird scoring: Granite City—Frank Knight 19, Jim Simpson 14, Grant Takmajian 11, Harry Thruha 10, John Gurn 7, Vic Buehler 2, Rick Patrick 2, Glen Hoffman 1, Larry Noblin 0, Larry Dick 0, Bob Moore 0, Sam Simpson 0, Mike Prusek 0; Alton—Sam Stanley 29, Terry Barton 17, Fred Neal 14, Ed Dancy 11, Bob Jones 11, Harry Schumaker 11, Rosie Wilton 2, Jerry Good 0, Ed Earl 0, Dale Kuhn 0, Frank Capps 0.

Friday's Game A Thriller

From the viewpoints of Granite City fans, were literally a dime a dozen here. Friday night as the Warriors and Belleville hooked up to provide a KPLR-TV audience and a close to capacity crowd with about as many thrills as can be crammed into 32 minutes of prep basketball. The Warriors won on a late shot.

GCHS followers, had a "star of the game" been selected, would have had much difficulty in picking one from among Harry Thruha, Bob Hofek, Sam Simpson, John Gurn, and Max Frusak.

Each of them made his own contribution to a second half GCHS rally which really worked up a good head of steam early in the fourth quarter, and which helped Granite City hang on in the closing minutes when the Maroons threatened to regain the lead.

The game had almost a storybook ending. The Warriors appeared to be all washed up as the second half began. They trailed by 12 points after tough opposition by Belleville's sink defense in the first half.

The GCHS gym took on the look of a demolition site in just 40 seconds of the third quarter elapsed as both Frank Knight and Jim Simpson walked off the floor after picking up their fifth personal fouls.

For with the pair the 12 scorers and rebounders for Sullivan, apparently went all hopes of even staying close to the methodical Maroons, whose pattern plays had worked to near perfection early in the game.

But a little less than 10 minutes later Thruha's jumper from the key sent Granite City back to stay at 43-42, and if Belleville

Green-Clad Clan Of McClanahan Coasts Home Over Cahokia, 81-39

7th Conference Victory

Run, Run, Run! That's what future opponents of Madison high school's varsity basketball team are going to have to do if they propose to keep up with the race horse Earl McClanahan.

The Trojans are making that fact a little more concrete with each passing contest. Friday night they rolled nearly along toward a midwestern conference championship by clobbering visiting Cahokia 81-39.

Already drawing considerable attention in this area for a reputation of high-scoring finishes, the Trojans ripped the nets with 46 points in the second half as they ran their winning streak to eight in a row and picked up potential 12 points go down the drain.

Set Up Webb

As usual, Cahokia worked to set its one good shooter, Charlie Webb, but Webb was defeated by a bad leg and the Trojans' bludgeoning was led by Madison, although he led the Comanches with 18 points.

The Warriors have been a bad one for us all year," Turner said after the ballgame. "That and the missed free throws cost us the game tonight."

The Maroons scored only six points in the first half and missed 15 of 15 free throws in the last eight minutes.

He sat out a good portion of the game.

Ed Walker, once he got started, resembled the Walker of last year as he bucketed 23 points to take game scoring honors despite missing seven free throws in the first quarter.

Just how much Lee relies on Webb to do the Comanche scoring, was brought out by a check of first half scoring. The elusive little guard had 10 of Cahokia's 12 points scored in the first half.

Dan Hrysko, the steady provider of back court scoring, whose clutch has helped Madison score 70 or more points in its last six contests, totaled 20 points on 10 fielders, most of them in the second half.

Zone Defense

It took the Trojans some time to adapt themselves to the zone defense employed by Lee in the first half. McClanahan said he had expected a checking man-to-man, although Cahokia had not been so scored previously by Madison this season.

"We weren't too peppy," he commented, "since some of the boys are bothered by shots in the zone of the flu."

Madison did gather enough energy to score 16 straight points in the final quarter while the Comanches were due scoreless. The spurge was due

Alumni Night At GC-Fryer Game Friday

"Alumni night" will be observed by the Granite City high school Alumni Association during and after the Warrior-East St. Louis basketball contest here Friday night.

Association President Elmer Dehn said all GCHS graduates with 1961 Alumni Association membership in 1960 cards will be admitted to the game free of charge, and that membership cards may also be purchased at the gate Friday night. Yearly membership fee is \$1.

The alumni will sit together in a special section of reserved seats, and are to be invited to attend a "refreshment and gab" session in the new annex of the high school south of the girls' gym after the game.

Halftime entertainment for everybody on hand will be provided by "old grads," who are scheduled to stage an exhibition basketball game.

Edwardsville Clips Coolidge JHS Twice

Edwardsville junior high school eagles scored victories over Coolidge seventh and eighth grade squads in Edwardsville Thursday night. Coolidge seventh graders dropped the first game 41-28, and the eighth grade team was defeated 47-36.

Elmer Worthen was the top scorer in the first game for Coolidge with nine points. The visitors led 18-17 at halftime.

Coolidge's eighth graders crept as close as six points after trailing 24-13 in the second game, but Edwardsville pulled away in the final three minutes. Connie Ybarra scored 14 points to pace Coolidge.

The eighth graders will see their next action in the junior high school conference tournament which will begin Feb. 6 in Madison.

for the most part to the swarming strategy of Hrysko and Ken Griggs who are capable of exhausting the patience and energy of about any two offensive players in the area when McClanahan signals for the full court press.

They double-timed Cahokia's backliners heartlessly, either stealing the ball or forcing back passes which were picked off by Walker and Don Freeman.

A bushel of easy under-the-basket shots for Madison resulted, and the Big Green hit 11 of 13 tries in the final eight minutes to boost its game shooting percentage to a fabulous .535.

The Trojans hit 33 times from the floor; Cahokia managed to take only 32 shots. In addition to Walker and Hrysko, double figure performances for Madison were turned in by Freeman and Chuck Worsley, who had 10 points apiece. Cal Jackson scored four, Shirley Barton seven, Mike Griville two, Griggs four, and Charles Koelke one to round out the scoring. Thirty-one of the team's points came in the final quarter.

Madison's jayvees eked out a 48-46 victory in the preliminary contest, which provided more excitement for fans than did the varsity contest. McClanahan, now 12-3 overall, hosts Jerseyville Tuesday night.

From the charity line, Venice dropped in 19 of 27, while the Vikings converted 14 of 22 tries. Both teams retrieved 42 from the backboards.

Other varsity scoring—William Shambro 5, John Corrie 3, Daniel Mott, Jim Eberholdt and Richard Rousseau each had 2.

The loss put the Venice MIBC record at 1-8 and their overall total at 1-14. The Devils remain a seventh place resident and St. Paul strengthened its hold on second place, increasing its record 8-2.

St. Paul has beaten the Devils 24-55 and 74-57 in previous encounters.

Weslin will visit the Devils tomorrow night in another conference game.

The junior varsity lost its contest, 40-57. William Austin had nine points to lead his team's scoring.

The annual game between first grade teams was played at halftime. The teams were known as the Red and the White. Jim J. Ohlendorf paced the White team scoring 10 of his team's 12 points. Jay Metzger, of the Red squad, had six of his team's eight points.

Albert Townsend had the other two markers for the White while Kurtis Kimbro, the other two for the Red.

A last half scoring barrage by the mighty St. Paul Vikings sunk the host Venice Red Devils 78-63 Friday night in an MDC Conference game before home fans.

St. Paul, beaten in a double overtime two weeks ago by the unstoppable Triad terrorists, was kept in check in the first half by Coach Zehn Wells' redmen, who headed for the locker room Friday 37-29.

Although St. Paul unleashed a 41-point attack in the final portion, Venice kept pace, scoring 34 markers.

Larry Gray and John Koelke kept their teammates in the ball game by sparking intermittent scoring spurges, but attack weren't taken up by the other three scorers.

Gray, in his third appearance on the court since recovery of an arm injury, hit 28 centers, while Koelke flipped in 19 points.

From the field, Venice hit on 22 of 67 attempts for a 33% shooting average, while St. Paul connected on 32 of 75 for a 42% mark.

FOURTH ANNUAL MEETING OF PADDLERS

The fourth annual meeting of Paddlers, Inc., the non-profit organization based on Johnnie's road, was held Thursday evening at the Elks club, with Francis McBride, president, conducting the meeting.

Main purposes of the evening were to elect new directors to the board, approve amendments to the by-laws and consider the past financial report.

McBride introduced the other officers of the 1960 season, Ralph Schmidt, executive vice-president; Paul Morris, vice-president in charge of operations; Richard Pittenger, assistant vice-president in charge of operations;

Mrs. Donna Hogan, vice-president of membership; Miss Dolores Bourisaw, secretary; Lewis E. Sabin, treasurer; Mrs. Vyvayne Durbin, assistant treasurer and assistant secretary; William Russell and Mrs. Jewel Baehr, nominating committee members; and Mrs. Charlene Yumovic, Mrs. Eunice Hagler, Victor Shanta, Werner Bond and John Bond, guard directors.

Johnson presented the financial report and explained improvements acquired in the last year. Donald Brumlee, last year's assistant manager, gave a report on the pool operation prepared by Keith Parker, manager, who was unable to attend. Brumlee reported that the six swimming courses offered in 1960 were successful and that the courses, the ballet, junior lifesaving and senior lifesaving, were offered for the first time.

He made recommendations on suggested improvements for the next season, including an improved loudspeaker, more lifeguard stands above the deck level and general improvements for the office and concession stand building. "Teenage night," opening and closing day ceremonies and "housewife" week were explained by Brumlee.

Schmidt explained the changes in existing by-laws, and a lengthy discussion was held. A visual report on the water reclamation project was presented by Morris and explained in detail.

A new type of deck lounge chair was shown by Morris, who explained that it is built of tripping and redwood and will last for a number of years. Morris also announced improvements to the concession stand, including paneling the interior for insulation purposes, new screens, new mirrors in the bathroom, extensive painting both inside and out and creation of a constant flow of fresh water into the baby pool.

His recommendations included sinking a well, sand-blasting the pool, painting work and enlarging the window area for serving purposes in the concession stand. An unusual report was given by Mrs. Ann Maynor on the age and number of children of stockholders. The breakdown of age groups showed the largest number to be in the ten, eleven and twelve-year-old group.

Mrs. Maynor is also chairman of the landscaping committee and reported that plans are underway for improvement of the grounds with the addition of more trees and shrubs.

A report on the membership committee, prepared by Mrs. Hogan, was given by Mrs. Durbin. Mrs. Hogan was called home due to the illness of her infant. She announced that 15 transfers of stock were made for members this past year, and that there are a few others available from members who are moving out of the city. Mrs. Hogan stressed that all transfers, like all memberships, must come before the board and be passed before the transfer can be made.

Election of new board members was held, with Charles Rodell, James E. Gooding, Lester Thompson, Earl McMillan, Dick Yates, Bob Graf, Jerry Stumm, James Spinks and Mrs. Vyvayne Durbin elected for two-year terms. Members remaining on the board for another year include Johnson, Morris, Pittenger and William Russell.

Horace Calvo, attorney for the pool, gave a report on the excise tax as it stands to date. Current negotiations include possible titling of the tax within the next few months, he said.

McBride, in his closing talk as president of the board, thanked all members of the board for their cooperation in the pool matters during the past year and thanked the membership for the erection of a plaque in honor of his late wife, Mrs. Vera McBride, who was regarded as the driving force that made the pool a reality.

It was her idea, and she undertook most of the preliminary work in securing information needed to carry the idea through to actual construction. Mrs. McBride lived to see the pool open and enjoy it for two seasons before succumbing to cancer.

The plaque was dedicated on the 1960 opening day, May 30.

Mrs. Georgia Tucker, Former Resident, Dies

Mrs. Georgia Ella Tucker, 88, Normandy, Mo., a former Granite City resident, died Thursday at the home of her daughter, Mrs. Eugene (Glady) McCaffery, in Normandy.

She had been under medical care for three years and had lived with her daughter during that time. She had resided in Granite City with her son, George Albertson, for five years.

Her husband, Grant Albertson, died in 1920 and her second husband, Andrew Tucker, in 1942.

Surviving are three sons, Charles Albertson, Poplar Bluff, Mo., Fred Albertson, Vichy, Mo., and George Albertson; three daughters, Mrs. Pearl Howard, St. James, Mo., Mrs. James (Beulah) Enyart, Rockwood, Ill., and Mrs. McCaffery; a sister, Mrs. Rose Cottin, Lavondale, Calif.; 22 grandchildren, 23 great-grandchildren and one great-great-grandchild. Services were held at 2 p.m. today at a Normandy funeral home, with burial at Memorial Park Cemetery there. Arrangements are given in the obituary column.

VOLUNTEER WORKERS make a trial run in an effort to prepare for the "Mothers March" on crippling diseases at 5 p.m. tomorrow. Holding one of the "New March of Dimes" pockets is Mrs. William Brockus, who will be among 800 women to take part in the drive. In the background is Mrs. Leonard Oram, 2817 Idaho avenue, who is captain of her area.

800 Volunteers To Stage Extensive 'Mothers' March

An army of volunteers will stage an extensive house-to-house campaign beginning at 5 p.m. tomorrow in the annual "Mothers' March" against crippling diseases.

More than 800 women representing about 80 neighborhoods in Granite City, Madison and Mitchell will participate in the drive. A special public dance fund campaign was held in Venice.

Volunteer workers have been issued packets which contain instructions and record keeping forms on which to account for total donations.

The "march" constitutes the greatest single fund raising effort and will climax the month-long "New March of Dimes" drive. One-third of the total proceeds is expected to come from the march.

Chairmen of the event are Mrs. George Moran, Granite City; Mrs. Louis Reilly, Madison and Mrs. Mickey Loftis, Mitchell.

Quadrant campaign director, Mrs. Roberta Lambert said that some door-to-door canvassing has already begun, but the full-scale effort will begin tomorrow to reduce chances of any bogus solicitations.

Her volunteers will attempt to make solicitations in every home in the three communities in an effort to surpass last year's \$9300 figure.

She urges persons to donate to the campaign, since the proceeds go to "help and help those" by the dreaded diseases—birth defects, arthritis and polio.

On Tuesday evening, a mother who has left the warmth of her home will call at your door; won't you please welcome her and say yes to the "New March of Dimes," Mrs. Lambert said.

Mrs. Lambert has coordinated the drive, which officially began Jan. 5. Since then, numerous activities have been organized.

"Quadrant-Cities residents and organizations have been very cooperative in helping and their enthusiasm has been very heartwarming," she said.

The local firm was represented by Charles Gauen, who accepted the award in behalf of the company.

Of Granite City, Mrs. L. E. (Nancy) Williams, Glen Carlson, Mrs. Josephine Ellsworth, East St. Louis, and Mrs. James (Flossie) Wimmatt, Inkster, Mich.; 20 grandchildren and 28 great-grandchildren.

Drive Off From Drive-In Without Paying—Caught

Nearly three hours after receiving a report that three boys in a 1961 blue auto had driven off from Lee's Grill without paying their food bill, Granite City police located the youths and returning them to the drive-in to pay for the service.

The search started at 11:30 p.m. Thursday, and it was at 2:30 a.m. the boys were located. Officers from Granite City, Madison and Mitchell police departments participated in the search after they were given the description.

When Granite City police arrived at the restaurant with the boys, the manager declined to enter into any prosecution. The drive-in is in the 1600 block Madison avenue.

A spokesman for the firm said the land will be used as a future site for a subdivision, but no plans are afoot now to develop it.
